TEAM R.A.D athletes for 2018-19

Canmore, AB

After a very successful 2017-18 race season, Team R.A.D (Real Athletic Development) is starting a new season today. After a difficult deliberation process, we have narrowed down the 23 applicants to a 12-athlete squad.

Similar to last year, this year's line up features dedicated cross country skiers and biathletes, with a good range of experience; 5 athletes having raced at the Olympics, World Championships or World Cups last year, to younger athletes beginning their full-time, high performance careers.

We pride ourselves in offering a program that gives each athlete a chance to improve throughout each season. With a dedicated coaching staff, the top facilities in Canada, state of the art monitoring technology, and a personalized plan for each athlete, we believe our athletes have every opportunity to improve and find success in Team R.A.D.

We are proud to announce our athlete line up for this year, and look forward to the season ahead.
